3.Proof to be enclosed	
Invitation & google tagged photos & any other supporting document	

REPORT

E-waste is electronic products that are unwanted, not working, and nearing or at the end of their “useful life.” Computers, televisions, VCRs, stereos, copiers, and fax machines are everyday electronic products. The ongoing challenge of how best to dispose of used and unwanted electronics isn’t a new one and dates back at least to the 1970s. But a lot has changed since then, particularly the number of electronics being discarded today.

E Waste Management Program was conducted by Prakruthi- Eco Club in association with Lion’s Club of Bangalore. A week prior all the students and faculty members were informed to discard/donate E waste available at their homes and work places. On 8th of February a program on the same conducted where Dr. Geetha R, Director SSMRV Degree College, Dr. S Anil Kumar, Principal, Mr. Manjunath J, President Lions Club, Dr Sreevidya, Lions Club District Governor along with the faculties and students were present.

Importance of E waste management was explained and how it benefits/aid to environment conservation was spoken by all the dignitaries present. Later a rally was held from college premises around Jaynagar to promote awareness. Everyone contributed E waste on this day.

R.V. Educational Institutions
Sivananda Sarma Memorial R.V. College
U.G. Pg Programmes & Research Centre
Affiliated to Bengaluru City University
Accredited by NAAC with 'A' Grade
Ranked among top 5 College in India
(India Today - 1988 Survey 2018 & 2020)
