The screenshot shows a PowerPoint slide with the following text:

### Why IFRS ?

- IFRS enhances comparability among different sectors, countries and companies, which will lead to more transparent financial reporting benefiting investors, customers and other stakeholder in India and overseas.
- The use of IFRS is likely to enhance the reliability and image of financial reporting by Indian entities across the world since it will be based on a global set of accounting standards.
- IFRS, a uniform Accounting Standard enables investors to understand better investment opportunities (across) different set of national accounting standards.
- It, improved communication and interaction with investors and analysts which may provide companies with a competitive advantage and also wider access to capital at a lower cost.
