Activity Report

Academic year 2024-25 (June 2024 - May 2025)	
Name of the Activity	CRAFTING AI MODELS WITH INNOVATION AT THE CORE
Date	03.04.2025
Time and Venue	1.30pm – 4.30pm, GFloor New Lab
Mode (Online/Offline)	offline
YouTube link (if online)	
Organized by Name of the Hub Head Name of the Activity Centre	Dr.Chethana S Institution Innovation Council(IIC)
Hub Coordinator **Activity Convener**	Dr.Chethana S Mrs. Malasa M.R.
Nature Academic /Co-curricular/extracurricular/others	Co-Curricular
Topic Name	Training the AI Model on UNIFYNow.AI
Resource Person Details (Name, Designation and Organization/Institution)	Mr.Ankit Tiwari Product Manager UnifyNow.AI
No. of Participants	59
Objectives of the activity	1. To make them understand the concept of • Image classification • Object detection 2. And to equip them with the skill set of labelling the image data set and train the Model
Methodology	The students have chosen the project of their choice and accordingly were instructed to collect the image data. The data set were then labelled using annotation on Unifynow.AI platform. Then they have uploaded the images and train the model. The resource team guided and extended the technical support to complete the projects
Outcome of activity	The training emphasized on interactive learning, allowing participants to actively engage with AI concepts through practical exercises. Participants analysed a dataset, identified patterns, and built machine learning models to detect objects and classify images.
